*Garner ye corn in the granaries—
Ere there be days of drought,
And the folks come seeking what corn there is
Down in the fertile south.
Reap ye your youth's full harvesting
While yet the days be long,
Let it be yours for cherishing
More than the farmer's song—
Winter and famine both may come
Nor cause you lament,
If ye have garnered corn at home
And rest content.*

In this issue of the 1930
Kahokian you will find
treasures of old Friends,
Activities, Thought and
Work, which makes up
your school career. May
this book always bring
back memories of those
good old days.

THE SCHOOL

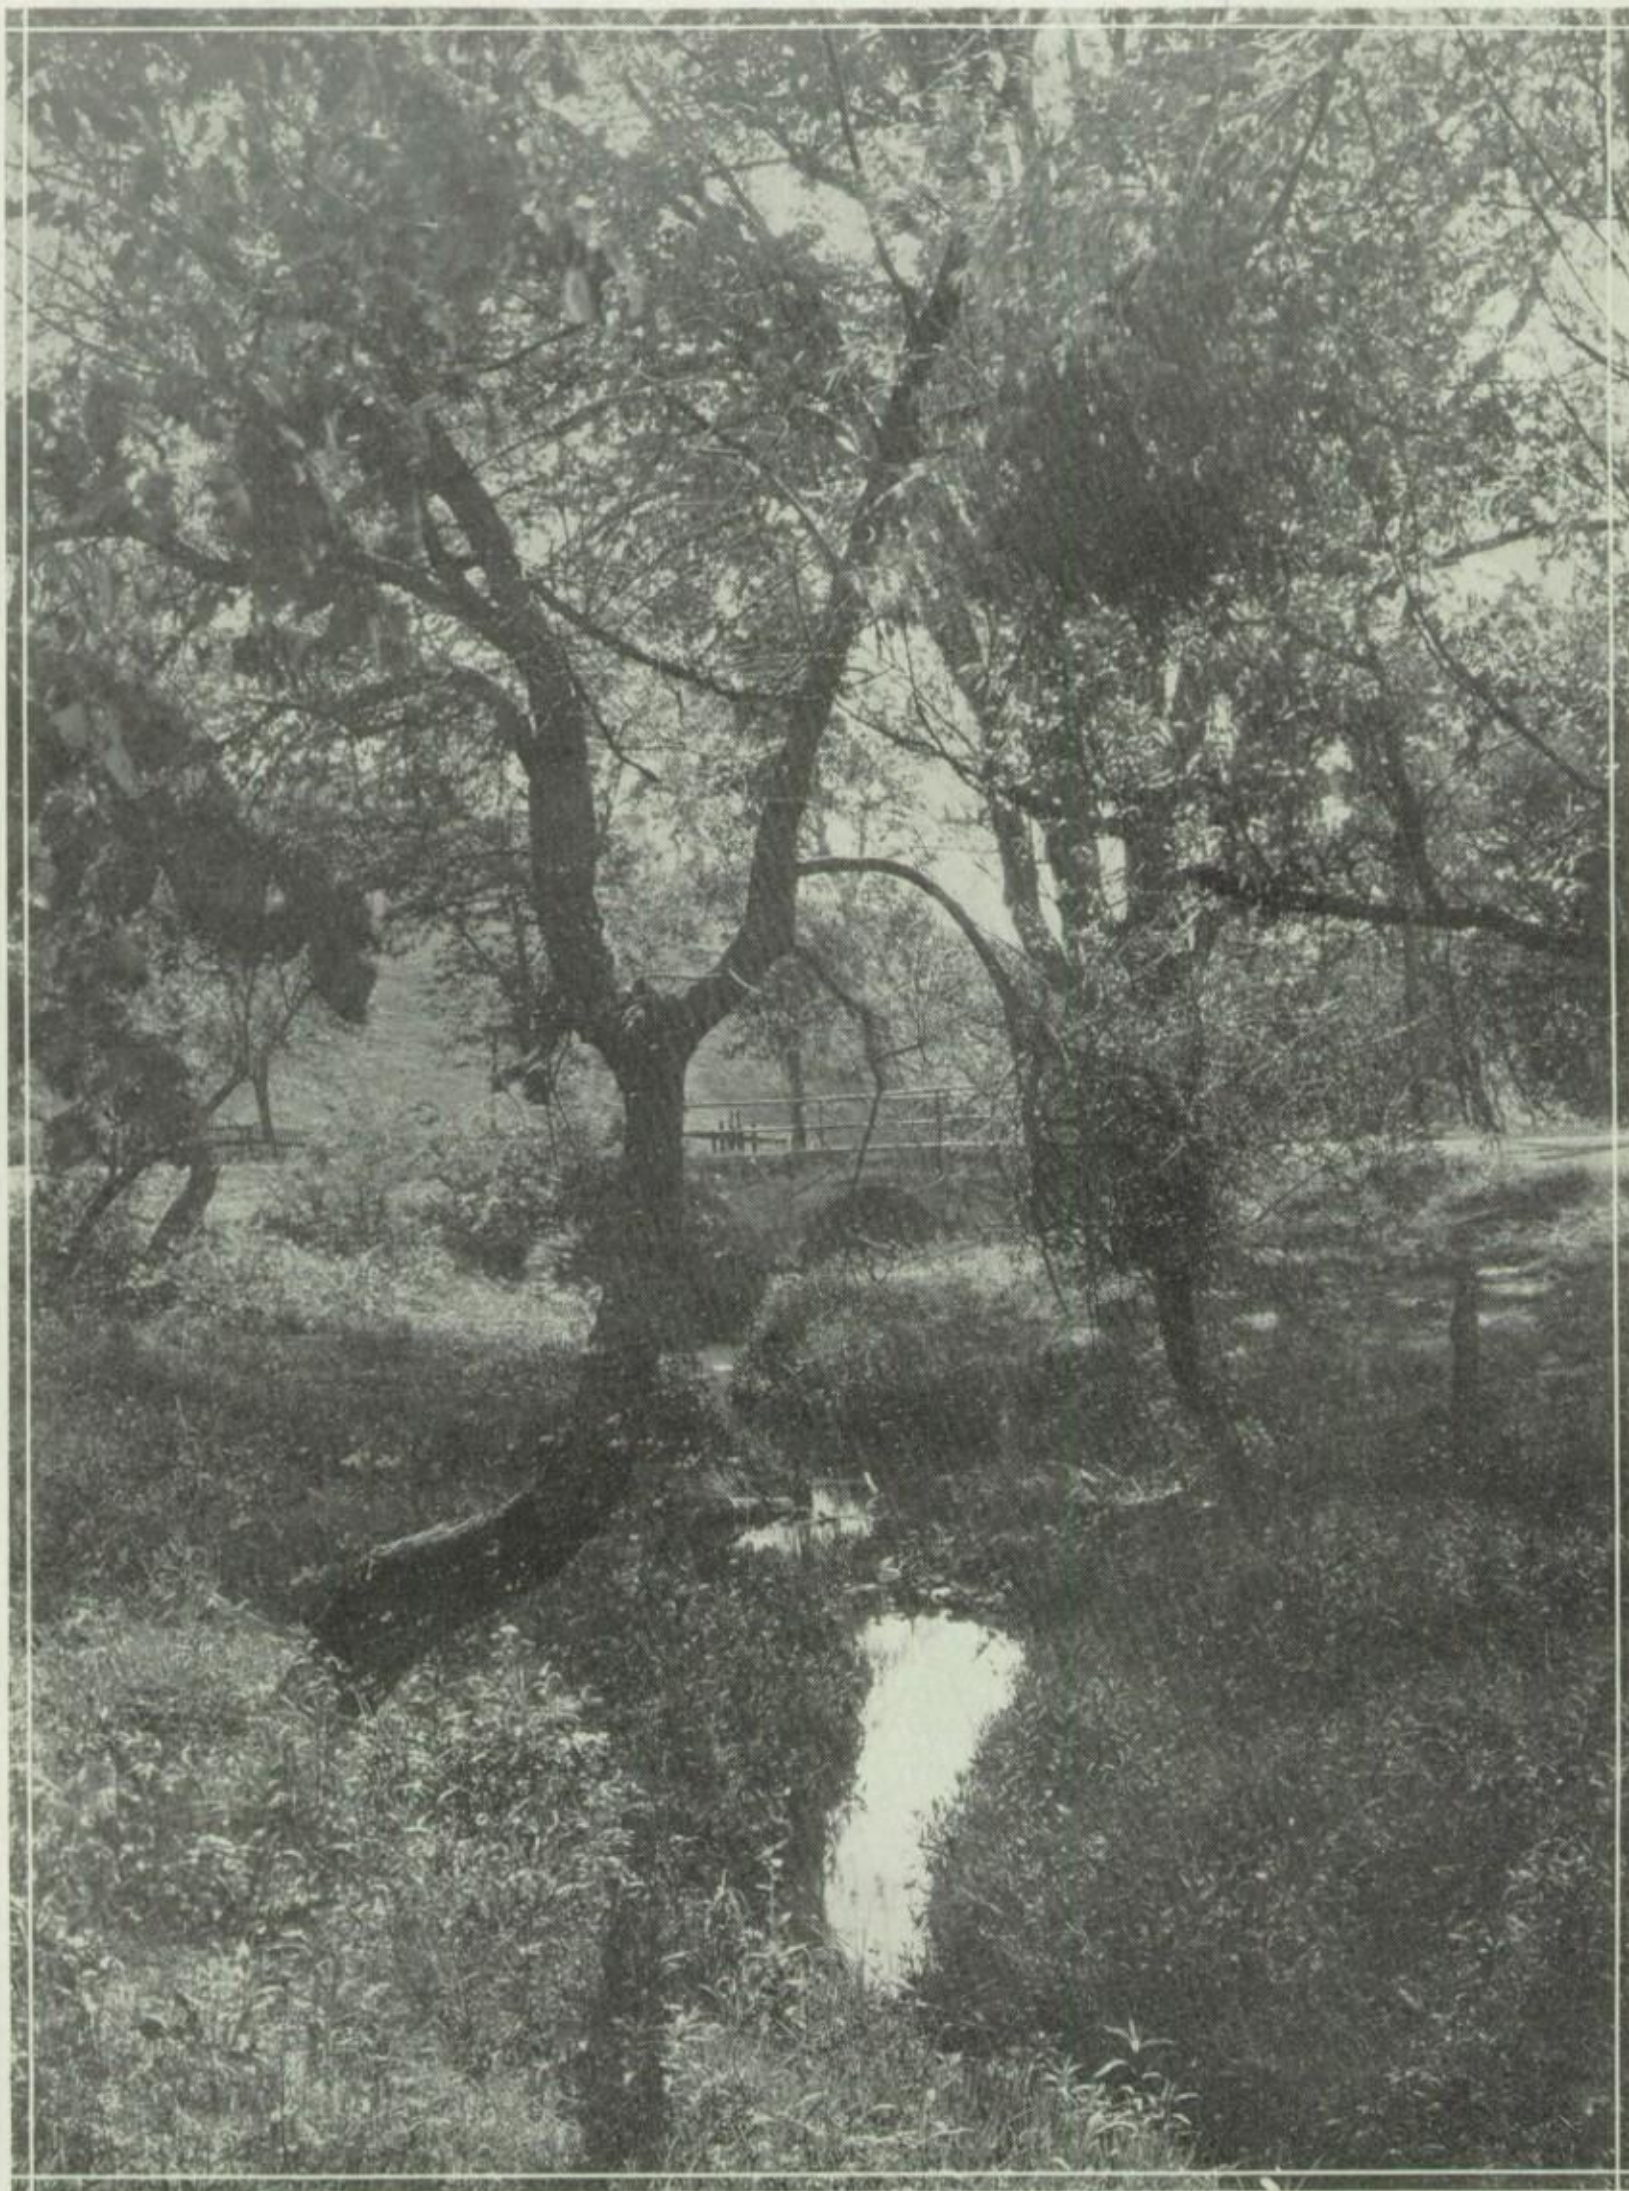

Hein Wood

One building, many hearts that beat as one.
In the devotion each shall call his own.

The snow is the blossoms of winter,
The flowers are snows of the spring,
And so both the snowflake and blossom
They are but one thing.
And bare is the branch that shall flower,
But brave is the heart that shall know
The spring that lies under the snow.

If the stream had a song for singing,
If the tree had a tale to tell,
If the heart could go a-winging
Where song-birds dwell,

If the hill had youth for flowers,
And many a joy for grass,
All life would be spring like ours
And never pass!

And oh! the road goes winding,
But many roads there be
Beyond the tall elm tree,
And Youth's the time for finding
How many pathways run
T'wixt rise and set of sun.

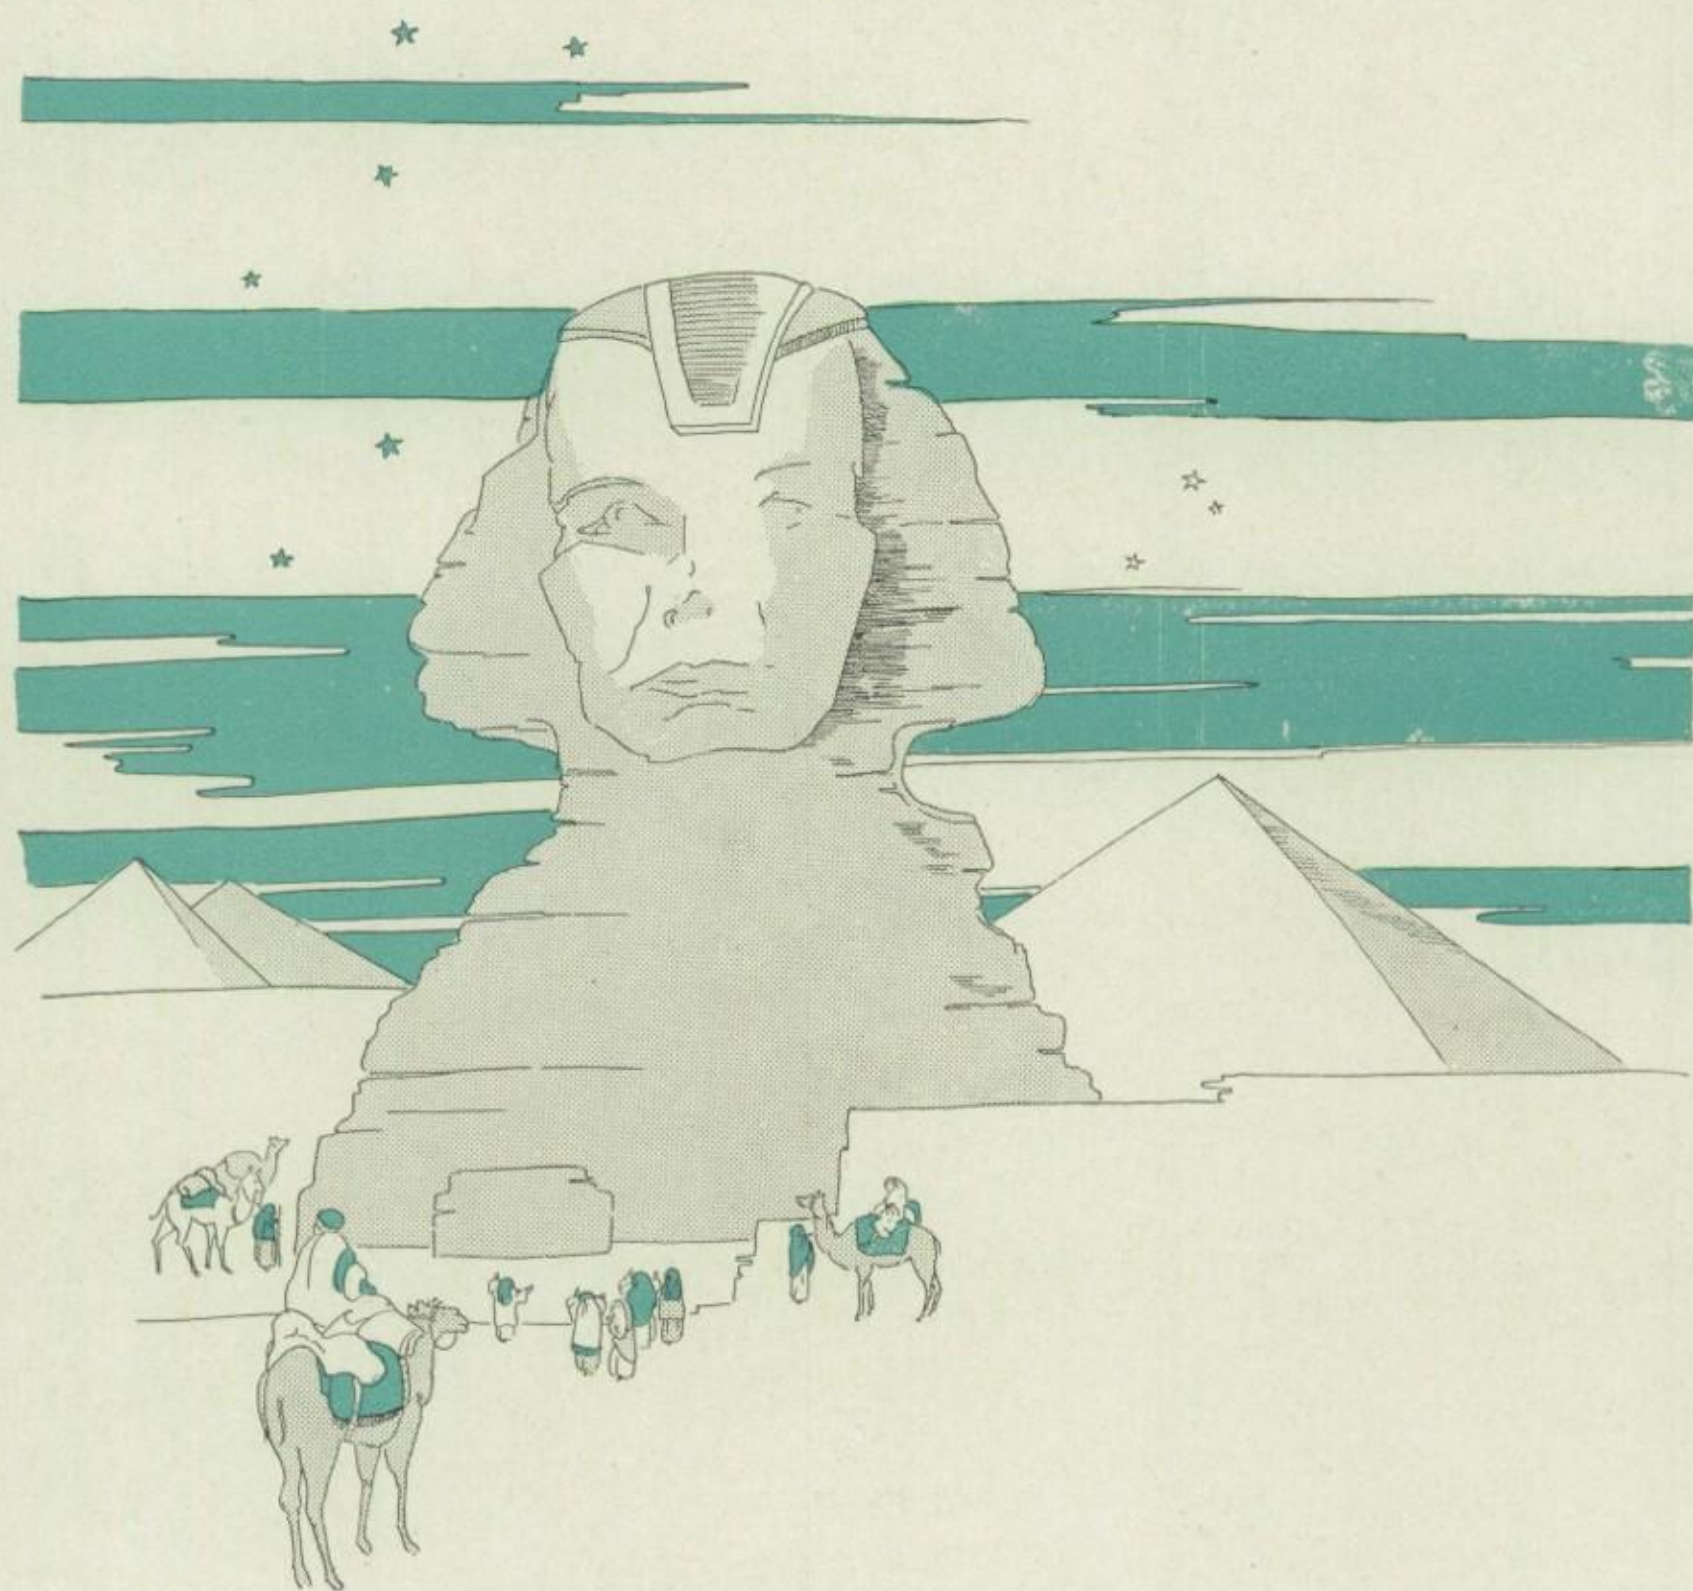

If life's a song, the singer
Can never start too soon
To fashion out his tune;
But let the branches linger
And whisper in the air
The blessing of a prayer.

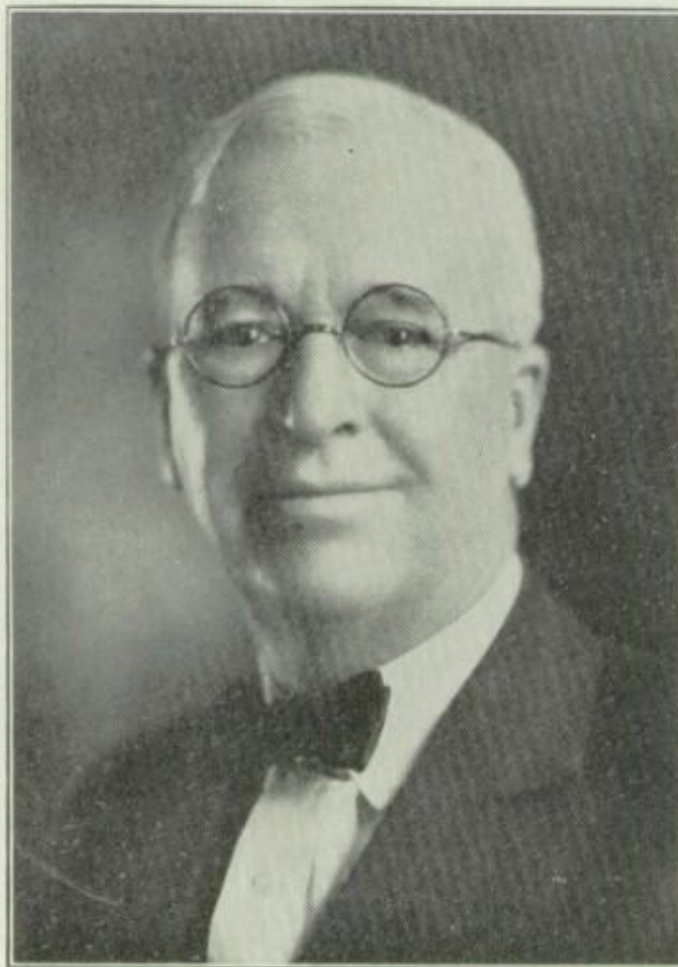

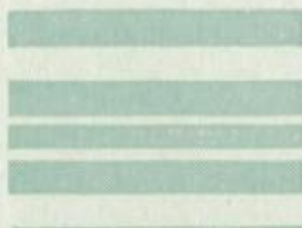

There'll be a time, when we shall come returning
Bowed with the years, but with a heart as free,
Back to the hallowed home of our first learning.
Even as we
Leave her today and find the young heart yearning
For our own school, and all that used to be.

—Juliana M. S. Cotton.

D. R. SHERRETZ

MISS WEBER

RALPH CORNWELL

W. O. Larson takes charge of the coaching of football and basketball. Larson has been very successful as a coach in both sports but especially in basketball, the Kahoks winning three straight conference championships.

When Cornwell took over the track squad it was a small affair which never finished in the first division but since then Collinsville has been steadily climbing till last year when the Kahoks finished third in the conference meet.

Lawson Fletcher coaches baseball and the lightweights of basketball and football. His lightweights in the latter were undefeated and the basketball lightweights lost but few games.

D. R. Sherretz has been successful since he started to form winning tennis teams and last year was no exception.

Miss Hamer is the physical director for girls. This is her first year at C. T. H. S. Miss Weber successfully coached the 1929 girls tennis squad to second place in both singles and doubles in the Southwestern Conference.

*Athletic Manager*

NORMAN BEST

The cheering for the '29-'30 sport seasons was led by two able underclassmen, Danny Best and John Atkins, and two girls, Thelma Mottershead and Nona Hughes. Danny was the chief leader.

These efficient cheerleaders were able to pull yells from some of the most disheartened crowds, and more than that they timed their yells to such an extent that it gave plenty of courage to the losing or the winning team.

John and Danny deserve extra credit for the extra time they put on their work. They were continually trying to think of new yells which would pep up a losing team into a winning one and besides this they took charge of various pep meetings during the sports year.

Mr. Hale is new at the C. T. H. S., this being his first year, but he was chosen as manager of Athletics. One of his duties was to take charge of all the ticket selling. This meant the distribution of tickets to the scholars who sold them and the collecting of the money.

Another job of Mr. Hale was the supervising of the grounds while any athletic contest was being played. The greatest part in this position was keeping the crowds off the playing field. These were hard tasks but Mr. Hale responded like a major.

KERMIT ECKART  
(Captain)

Baseball has been fairly successful for Collinsville. For three years the Kahoks tied with Belleville for the conference lead, neither being able to produce a team superior to their opponents.

For the '29 season Coach Fletcher had five lettermen back to build a team around, Captain Kermit Eckart, catcher; Chiado and Klobuchar, infielders; and Judikinas and Bailey, outfielders.

The first game of the season was played with Madison and the Kahoks won by a score of 2-1. Richter fanned ten men and showed that Collinsville was up in the pitching department. The Kahoks scored their runs in the first and sixth innings. The Madison nine scored their only run in the second inning on a home run.

The following Friday Collinsville lost to Granite City by a 4 to 1 score. The C. T. H. S. nine made five errors which, with poor base running lost the game. Collinsville and Granite both hit out four safeties but Richter was very wild and walked seven men.

April 26 found the Kahoks playing the Alton "Hill Toppers" and found the way easy going. The Kahoks collected nineteen hits for a total of seventeen runs, while the best the Altonites could collect was five hits and two runs.

When East St. Louis visited us we lost our second conference game of the year by a score of 3-2. East Side scored their runs in the third, fourth, and fifth innings. Collinsville's only scoring came in the eighth when Scaggs and Beckman scored after they had walked.

The fourth conference game was with Belleville and again Collinsville lost, this time by a score of 6-3. Both teams started scoring early. Collinsville scored twice in the first inning but Belleville scored three times and then repeated in the fifth inning which finally won the game for them. Collinsville's last run came in the sixth as the result of two walks and a single.

The next game was the return tilt with Madison. This time the Kahoks lacked a little punch and lost their third straight game by a 9-7 score. Madison hit the horse hide safely ten times, the Kahoks obtaining only eight hits.

The last conference game was with Wood River which Collinsville won. The Kahoks finished the season with a four hundred average. In this game the Kahoks ran wild the first inning, twelve men batted to total eight runs. All the runs the oil city men could obtain was four. The final score was 10-4.

The last game of the season was a post-season game with East St. Louis. The East Siders played their second team and C. T. H. S. was able to win 16-2. The Indians scored 13 runs in the first four innings.

Although the '29 baseball season was not as successful as the '28 season, we can say that it was successful in thrills. When the letters were awarded, the lettermen elected S. Chiado as the 1930 captain.

## *Baseball Lightweights 1929*

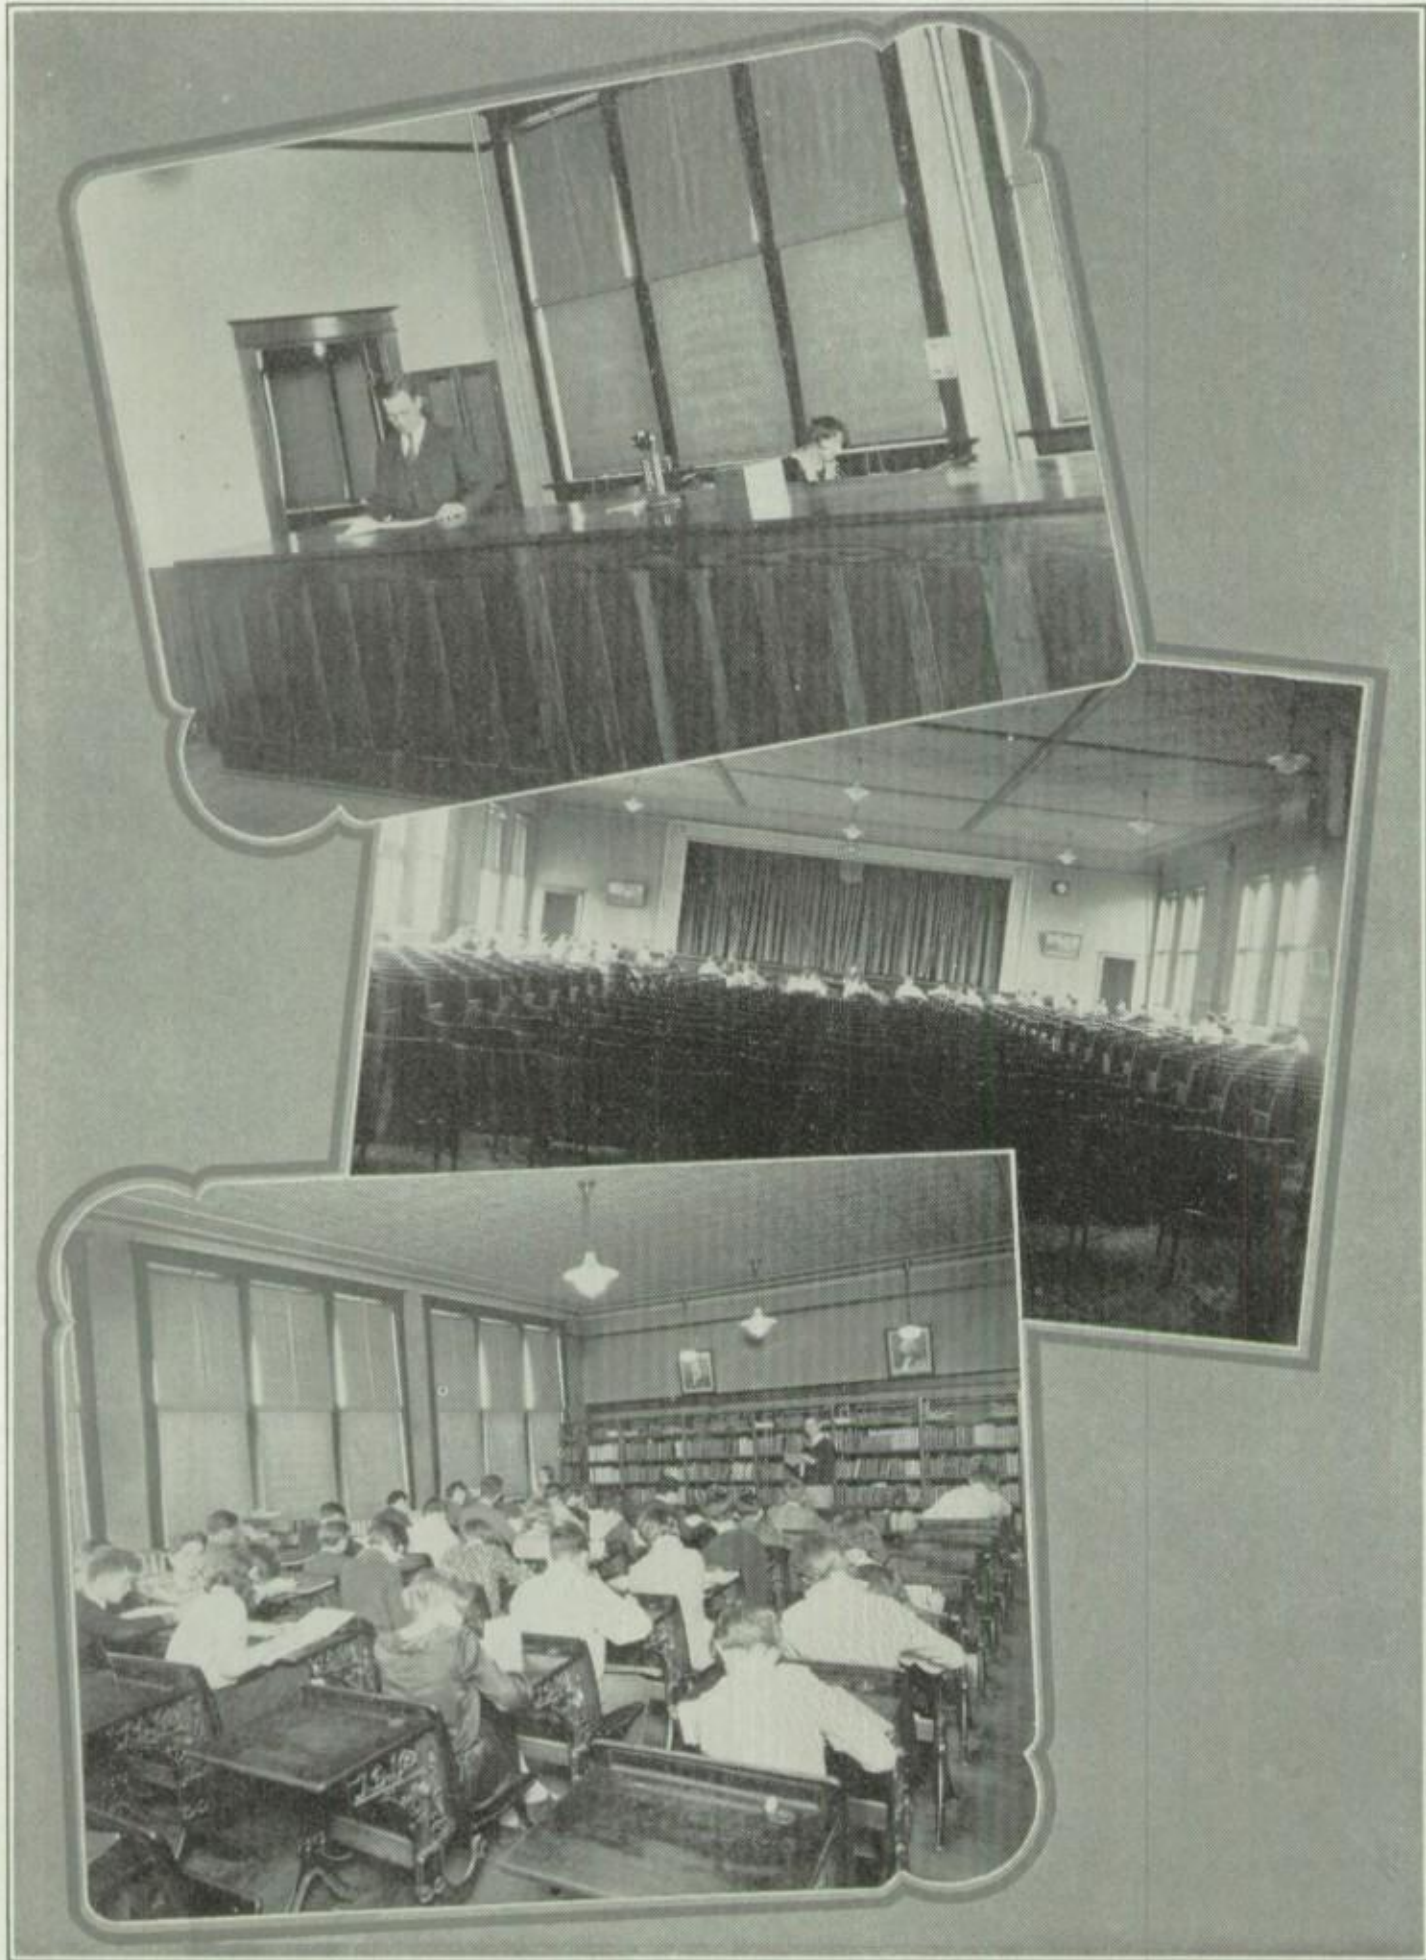

The '29 season of baseball found Coach Larson experimenting with a Yannigan team. The team consisted of under-classmen who are to be on future varsity teams. Although the Yannigans played only two games with other teams they won both of them.

The first game was with East St. Louis Junior High School and the Yannigans won it by a score of 9-3. The most remarkable feature of the game was the fact that the young Kahoks scored seven of their runs before they got a hit. Ubaudi pitched a good game backed by the hitting of Bosola, Bennett, T. Klobuchar and Smith. The Papooses won the return game with this team by a score of 8-7. With this win the Yannigans finished their season with an average of 1000 per cent.

The interest shown the Yannigans by the C. T. H. S. students proves they are really interested in future baseball teams.

Each player received as a reward for service on the team a sweat shirt with his class numeral. About twelve boys received this award which shows that the prospects of the following years look fairly good as these boys have had experience, which means a lot in athletics no matter what kind of sport it is.

CHARLES BOZZARDI  
(Captain)

With the first signs of spring, Coach Sherretz called forth the tennis players for the first official spring practice in the gym. The practice succeeded in removing the rust from the joints of the '29 squad. The team was to be built around Captain Bozzardi, ex-Captain McWhirter, and Letterman Gauen.

The good weather continued and on April 12, the first matches of the tennis season were played on the Collinsville courts with Lebanon. The Kahoks took two of the three matches, the one lost being debited to Gauen, who lost the singles to Pheifer 6-1, 6-1. The other two matches were won easily.

The following morning the squad met defeat at the hands of the Greenville netters, losing three matches. Monroe lost to Moser 6-3, 6-3; Gauen and Bozzardi lost their doubles by a score of 6-3, 7-9, 7-5, and McWhirter lost to Combs 7-5, 7-9, 7-5.

On the fifteenth, East St. Louis visited Collinsville for their first conference matches and both singles and doubles went to Collinsville.

The next Wednesday found the Kahoks overwhelming the Spartans by winning the three non-conference matches on the local courts. The second conference matches that were scheduled was with Woodriver at the home courts. Again the Kahoks won both double and singles easily.

WALTER MCWHIRTER

ROBERT GAUEN

MELBOURNE GRIMM  
(Manager)

On April 27, the Kahoks journeyed to Lebanon and took part in the McKendree tournament. Both singles and double teams went to the semi-finals where they lost to Lebanon and University City respectively.

In the return game with Sparta, Collinsville again won the three matches. The same week Collinsville played another conference game with Alton and succeeded in keeping up with the leaders by winning both matches.

Edwardsville was next in line and met the same fate as Alton, Collinsville easily winning the doubles, but McWhirter had quite a job in winning from Strief, Edwardsville's ace.

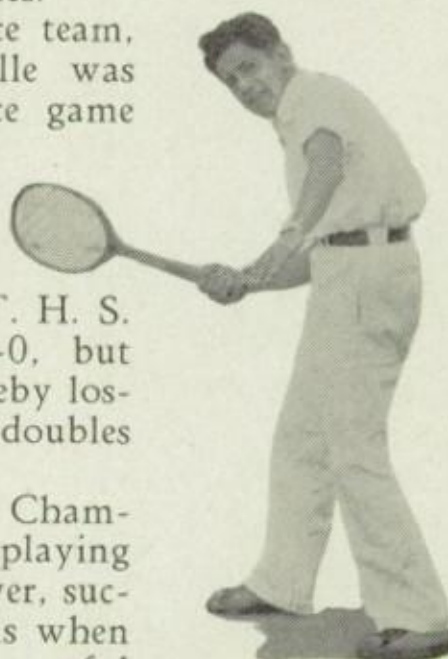

What was thought would be a real battle with Greenville turned out to be a walk-over by one or the other side. Bozzardi and Gauen won from the last year's state champs by a score of 6-0, 6-2. McWhirter and Monroe lost their single matches to Combs and Moses.

Granite City, another conference team, was easily beaten and Collinsville was ready to enter the last conference game with Belleville. Collinsville, although confident of winning, realized the ability of Humphrey, Hirth and Braum. McWhirter won the S. W. I. C. title for C. T. H. S. by defeating Humphrey 6-1, 6-0, but Bozzardi and Gauen lost, and thereby losing their hold on the conference doubles championship.

In the State Tournament held at Champaign, McWhirter and Bozzardi, playing doubles, and Gauen the singles player, succeeded in entering the quarter finals when rain canceled the meet, ending the successful tennis season.

The Kahoks have an all-time doubles percentage of .897, which is .286 better than the closest conference rival. Their singles percentage is .809, which is .146 above the next highest conference record.

EARL GILLESPEY

The track team started practice, and showed other conference teams that even in track, Collinsville can furnish material. With three letter men back led by Captain Musso, Coach Cornwell built up the best team in the history of track at the C. T. H. S.

The first meet of the season at Granite City showed that Collinsville had punch by coming in a good second. Wood-river won with 64 points, the Kahoks were second with 48, and Granite trailed with 23. The main scoring for Collinsville was done by Marco, Musso, and Parker.

The second meet was a triangular meet at Edwardsville, and again Collinsville came second but this time only by a matter of one and two-thirds points. Edwardsville won the meet because of their success in the dashes and relay. Belleville was the third contestant but their talent failed to show itself and they placed third. Parker strained a muscle in the 100-yard dash and being unable to compete, lost Collinsville's chance for the meet.

Collinsville's first win was in the Belleville meet when the Kahoks scored  $64\frac{1}{2}$  points and Belleville scored  $48\frac{1}{2}$ . Out of a possible thirteen firsts the Kahoks won nine and tied one, and won four seconds and four thirds.

At the track meet at McKendree Saturday, April 27, Collinsville had only one scorer in the person of Captain George Musso, who scored first in the javelin with a throw that broke the meet record.

LEO SHIMKUS

CLYDE MARTIN

JOE HAYDEN

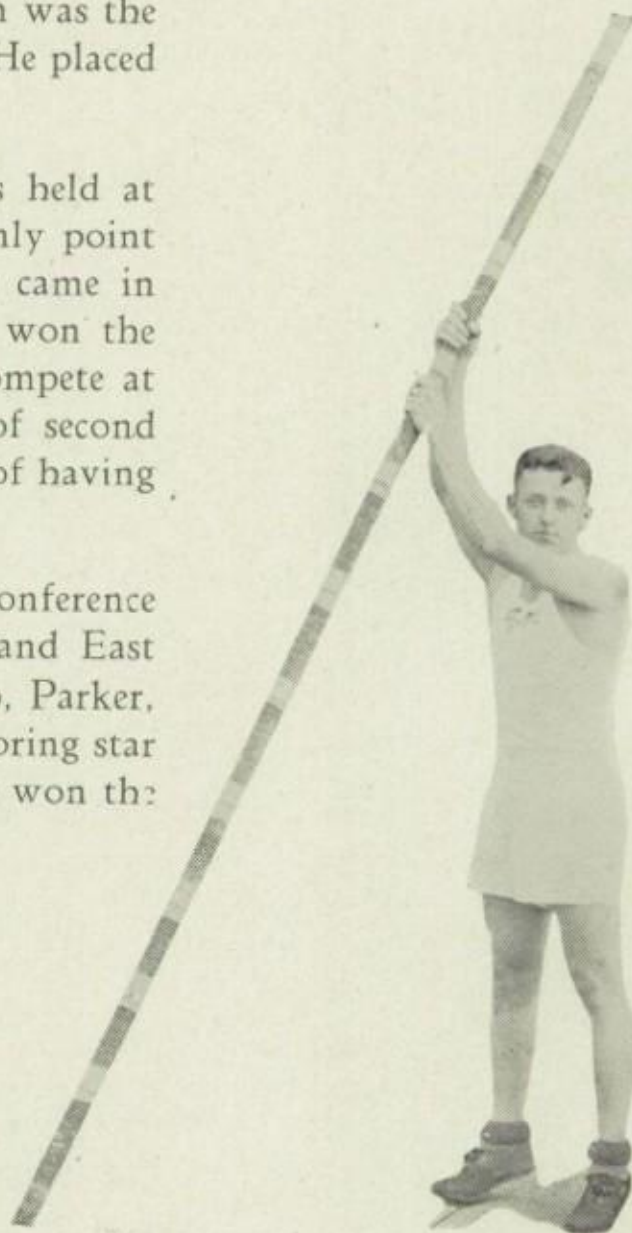

It was the best that Musso had ever made and went to a distance of 176 ft. 3 1/2 in. Musso also came fourth in the discus throw. Hayden was the only other Indian to come near scoring. He placed fifth in the mile.

The district meet of the season was held at McKendree College on May 11. The only point scorers were Musso and Marco. Marco came in third in the high hurdles, while Musso won the javelin giving him the opportunity to compete at the state meet. Marco was nosed out of second place by a foot thereby losing the chance of having two Kahoks to compete at Urbana.

Collinsville finished fourth in the conference meet, behind Woodriver, Edwardsville, and East St. Louis. The point scorers were Musso, Parker, Hayden, and Shelton. The individual scoring star for Collinsville was Captain Musso, who won the discus and the javelin. The 880-yd. relay team finished fourth, giving Collinsville its final score.

At the state meet Musso brought honor to himself and to the C. T. H. S. by winning the state title for javelin throwing. Captain Musso was the first Kahok in the history of school sports to win the coveted state honor.

Thus ended another track season which seems to show that each year Collinsville's track team increases in size and ability.

It was the first day of school when an official notice was posted on the bulletin board stating that there would be a football meeting that night. About eighty candidates turned out for the meeting, mostly Freshmen and Sophomores. At this meeting Coach Larson stated his belief that C. T. H. S. would carry a lightweight squad in '29 for the purpose of rousing underclassmen to team loyalty.

The next day started the practice with just a light workout, but not many days had passed before Coach Larson had his team rounded into shape. All essentials and a set of plays being learned the team awaited the first game of the year, which took place September 29th.

In the Livingston game Collinsville started with a bang. The first quarter saw the second team hold Livingston to a scoreless tie but the opponents seemed to take more than the local seconds. In the second quarter the varsity was rushed in. Then came the change, the varsity scored at will until the final score was 52-6.

The next game was with the powerful aggregation from Litchfield which the Kahoks lost to by a score of 7-0.

The only scoring of the game came on a pass to Pitt, who had succeeded in getting behind the Collinsville second defense.

The first conference game was scheduled for October 6, but because of the constant downpour of rain the game was postponed to the following Tuesday. This game with Granite City, the 1928 conference winners, was one of the most exciting of the season. The Kahoks doped as outclassed, fought like demons to revenge the defeat of the previous year. The scoring came in the second quarter after the C. T. H. S. had marched down the field with successful line plunges. Bailey carried over the tally. In the fourth quarter an anxious Kahok tackled an over-anxious "Happy Warrior" behind the goal line, adding the extra two points to the score. The final count was 8-0.

On the following Saturday the Kahoks travelled to the battlefield of the East Siders. East St. Louis, last year's runners up, had a hard fighting team and scored several times in the first quarter, due to effective kicks from the kick-off; Collinsville's offense had no time to get started for the East Side second defense would tackle on the line of scrimmage.

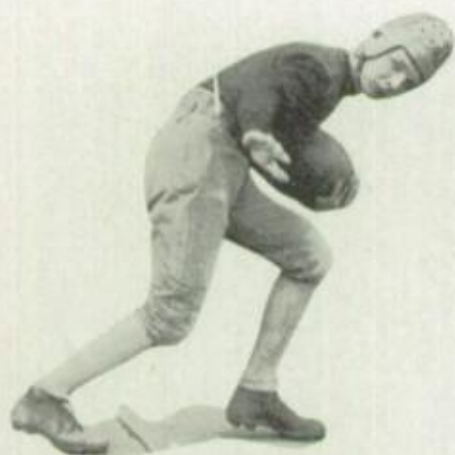

VIRGEL THURSTON      RALPH ALLAN

On Armistice Day, Collinsville went to Edwardsville to battle with their ancient rival. No scoring was done in the first quarter but in the second quarter the Tigers opened a passing attack that won them six points. To start the third quarter the Kahoks came back strong tying the score, but in this same quarter Edwardsville again took the upper hand. The Tigers scored in the last quarter after the Kahoks had twice placed the ball within the one-yard line, but failed to push it over. The final count was 19-6.

The next game on the schedule was a non-conference game with Madison, which the Kahoks won easily playing the second team. The score was 33-7.

The last game of the season was with Wood River at the C. T. H. S. field. The game started with a bang for the Kahoks, Parker getting loose in the first quarter for a touchdown. Collinsville continued to score in the second quarter, this time on a plunge by Beckman. In the third and fourth quarters the matters changed. Wood River put the ball in C. T. H. S. territory and kept it there till the final whistle. The final score was 12-0 in favor of the Indians.

Collinsville's only count came on a safety made possible by a bad pass from center. East Side scored twice in the last quarter to make the final score 27-2.

On October 26, the Alton eleven invaded the Collinsville's new athletic field only to be turned back minus a scalp which the Kahoks proudly displayed in their ever growing belt. The game started with neither team opening up but as the game wore on to the second quarter the Kahoks led two aces, Bailey and Beckman, and Alton having no trumps, were obliged to watch their pair march down the field for a touchdown. The final score was 13-0.

The next game turned into a tragedy. It was the game with Belleville, the team that finally won the conference. Belleville scored in the second quarter on a returned kick by Cole. The B. T. H. S. scored again on a safety. Belleville's powerful kicking won the game for them, 8-0.

## *Football Lightweights 1929*

The '29 season of football found Larson coaching the varsity while Coach Fletcher was laboring with the green under-classmen who were mostly Freshmen and Sophomores in an effort to bring them together in a presentable lightweight team.

The first game on the lightweight schedule was East St. Louis on the home field. The game was close and interesting but the Kahoks finally won when Allen scored the only touchdown.

The second game was at Edwardsville and again the Kahoks won, this time by a 13-0 score. Touchdowns were scored by Haisler and Gillaspy. The Kahoks only played two games but they showed that Collinsville had football players in the making and that conference wins will be looked for in the future. The idea of a lightweight football team is to get some of the smaller boys out for sports and to find boys that have football ability so that they may be used in later years. Experience means a lot in sports and an inexperienced player on the varsity is not worth near as much as one who has "been under fire."

Basketball, Collinsville's largest attended sport, started with a defeat at the hands of the Madison quintet at the new gym of the Madison High. Madison played as a well oiled machine while Collinsville showed they needed more practice before they would play smoothly. The next two games were also non-conference games but in these contests the Kahoks had no hard time winning. The scores were: C. T. H. S. 27, Carlyle 5, and C. T. H. S. 32, Livingston 10.

The first conference game was with East St. Louis. The Kahoks, rated as a dark horse run up an early lead but lost it in the last quarter. The regulation time of the game ended with the score 21-21, but East Side sunk a basket in the extra period, which won the game.

The next two games were practice games with two St. Louis teams, Webster Groves and Central High. The Kahoks succeeded in winning both of these games. Webster by a score of 15-14, and Central by a 27-12 score.

The second conference game was with Edwardsville and again the Kahoks lost, this time by a score of 19-16. Collinsville gained an early lead only to lose it in the last quarter. The turn for the better finally came when the Kahoks travelled to Alton and succeeded in winning by a 21-10 score.

The next two games were with Granite City and Belleville and again the Kahoks lost but not until after two hard battles. The scores were 14-30 with Granite and 13-7 with Belleville. With four losses and one win Collinsville was in second to last place.

Wood River was Collinsville's second conference victim. The Kahoks came out of their slump and won 18-11 but promptly fell into it again by a loss to Webster Groves.

After the Webster game the Kahoks developed a winning streak that won for them four conference and one practice game. These five teams, Litchfield, East St. Louis, Edwardsville, Alton and Granite City, fought hard but C. T. H. S. always managed to come out on top.

The next game turned out to be a defeat at the hands of the Belleville quintet, the only team that won from Collinsville twice during the conference season. The game was slow with Belleville holding the ball when the game ended. The Kahoks were on the short end of a 16-13 score.

The last conference game of the season was with Wood River and the Kahoks won by a 32-18 score. The last game of the season was another victory, this time with a 1-13 score.

## G. A. A.

The Girls' Athletic Association was organized in 1927. Until the present time the organization has been a purely local one. In the fall of 1929 the G. A. A. became affiliated with the State Athletic Association headed by Miss Mosbeck.

The awards have been changed. Formerly they were: a letter for first award, G. A. A. pin as a second award and a numeral guard as third award. At present, the awards are: a class numeral and letter as local awards and two different shields given as state awards.

Because of bad weather there was no hockey tournament this year. Consequently the Seniors are left as undisputed C. T. H. S. champions in this sport.

The baseball tournament last spring resulted in the Juniors and Sophomores fighting for the title of champions. After a hard fought game the Sophomores marched proudly from the field, victors.

## G. A. A.

At a banquet last spring the final G. A. A. awards were made to: Ione Mottershead, Pearl Peyla, Evelyn Nichols, Bernice Bertram and Mary Meni. Second awards were earned by Nona Hughes, Nelva Russel, Ruth Merrill and Dorothy Willoughby. Letters were presented to Celestine Lucas, Lydia Berving, and Esther Hodde.

It was decided at this banquet that every spring a like banquet would be held for all members who were to receive awards and those who had received previous honors.

The Girls Athletic Association has taken a prominent place in high school affairs due to the fact that for the first time the girls have a girls athletic instructor.

The officers elected this year were: Ruth Merrill, president; Mary Meni, vice-president; Dorothy Willoughby, secretary, and Maxwell Fabry, treasurer.

EVELYN NICHOLS

JOSEPHINE GAUEN

Tennis, a comparatively new sport, especially for the girls, is becoming more popular each year. With the addition of two more courts, more pupils have been allowed permits to play during one of their study periods. Last spring's tennis season showed the enthusiasm of the girls in this sport by the large number who tried out for the teams. Miss Weber, girls' tennis coach, finally selected the following girls: Josephine Gauen to play the singles, Thelma Mottershead and Evelyn Nichols to play on the doubles team with Dorothy Willoughby substituting.

Practice was begun immediately and the girls improved rapidly. Their first match was with Wood River, whom they defeated in both the single and double matches. Next they journeyed to Edwardsville, where they met with defeat in both singles and doubles. Following this they were at home to Granite City, whom they defeated in both tilts. Their next and last match was at Belleville, where they won the singles and double matches.

THELMA MOTTERSHEAD

DOROTHY WILLOUGHBY

Miss Weber is very proud of her team and hopes this sport will progress more each year.

Thelma Mottershead, Dorothy Willoughby, Evelyn Nichols, Josephine Gauen.

## *Girls' Basketball Champs*

The annual G. A. A. basketball tournament was held during the last week of February. The girls started practice early in order that they might become accustomed to playing "girls' rules" which were introduced by Miss Hamer, girls' athletic instructor. Drawings were made with the result that the Juniors and Freshmen were to play the first game of the tournament. The Freshmen, though they fought hard, were not able to defeat the strong Junior team. The game ended 24-8. The next game between the Seniors and Sophomores was a "thriller" and caused much excitement. Both teams were strong but the Seniors proved to be the stronger and the game ended 16-8 in favor of the Seniors. The Seniors defeated the Juniors with a score of 14-4. The Freshmen and Sophomore teams played for third and fourth place. The Sophomore won 28-8.

A first and second all-star team was picked as follows: Mary Meni (Sr.), forward; Nelva Russel (Sr.), center; Dorothy Willoughby (Jr), forward; Bernice Bertram (Sr.), guard; Dorothy Leicht (Soph.), guard, and Merino Ferraro (Fr.), guard. The second team consisted of Ruth Merrill (Jr.), forward; Nona Hughes (Sr.), forward; Bessie Ullman (Soph.), forward; Hazel Teter (Sr.), guard; Thelma Mottershead (Soph.), guard, and Katherine Pierce (Soph.), guard.

## *Cage Ball Champs*

Cage ball, a new sport for the girls, was met with such enthusiasm that a tournament was held to decide the champions in this sport.

The first game between the Sophomores and Seniors resulted in the Seniors being taken completely off their feet. It was all over in a few minutes. The Juniors and Freshies then clashed, all arms were polished and ready for the fight. After a hard fought battle the Juniors triumphed with a score of 15-14. The final game rested with the Juniors and Sophomores. The Juniors started the ball to rolling, serving the first point of the game, but when the Sophomores got the ball they took the Juniors for a spin. Some went tumbling to the floor, others received bruised arms and bumped noses. The first game ended with the Sophomores leading 15-9. In the second game the Juniors staged a comeback. They got into the game with all their bruises and downed the Sophomores 15-13. This making a game for each. Another game was ushered in but the Sophomores were slow in pushing ability. After a hard fought game the Juniors triumphed 15-4. Thus the Juniors came out on top winning two out of three games and at the same time winning the title of Champions of Cage Ball.

## Girls' Hiking Club

The Girls' Hiking Club was organized this year under the leadership of Miss Eckart and Miss Krug. This is the first of its kind to be organized here and from the number of girls who joined it, it seems as if there are many of the weaker sex who enjoy roaming over the country and especially do they like the "eats" which they find awaiting them after every other hike.

There are about sixty girls in all and because of this large number they were divided into nine teams; each team having a captain. When going on a hike, the captain of each team is responsible for the girls in her squad. Each captain must keep her girls together, see to it that they keep off the hard road and that they do not wander away from the rest of the hikers.

The girls may earn points for G. A. A. by hiking and so a pedometer is carried by Miss Krug to determine the number of miles the club hikes each time. Officers were elected as follows: Florence Davies, president; Dorothy Willoughby, secretary, and Ruth Merrill, treasurer. The club enjoyed three long hikes in the fall and many more during the spring.

## Girls' Glee Club

The Girls' Glee Club was organized in 1928 under the direction of Miss Schattgen. Its membership has increased to such an extent that it has been necessary to make it a selective organization which includes only thirty girls. The officers are as follows:

|                         |                  |
|-------------------------|------------------|
| President .....         | Wilberta Kaemper |

| Librarian .....         | Mary Meni        |
| Pianist .....           | Ellen Locus      |
| Assistant Pianist ..... | Mabel Petroski   |

During the year the Glee Club has sponsored several assembly programs. One of the most outstanding achievements was the organization of the sextette, which has performed before various local organizations.

It has been the custom of the Glee Club to present an operetta each year. In previous years "Will Tell" and "Tulip Time" were given and met with much success. This year "The Governor's Daughter" was presented March 12, in the High School auditorium through the combined efforts of the Girls' and Boys' Glee Clubs.

*Back Row:* Miss Schattgen, Milton Bonn, Alvoid Haisler, Vincent Smith, Fred Querio.

*First Row:* Lee Jeugner, Orthelda Ohl, Wilmer Sager, Baptist Musso, Norma Bonn, Lucille Balsat, Mable Petroski.

## Orchestra

This year, for the first time in the history of the school, C. T. H. S. has boasted of an orchestra. Quite a number of students responded to the first call and as school progressed several others joined until the membership has increased to sixteen.

The members of the orchestra and the instruments which they play are: Milton Bonn, trombone; Norma Bonn, Howard Forbes, saxophone; Amanda Balsat, Vincent Smith, Alvoid Haisler and Richard Lucas, violins; Richard Gauen and Fred Querio, clarinet; Mabel Petroski, bells; Lee Juenger, drums; Baptist Musso, Ortheldo Ohl and Wilmer Sager, cornet; Mary Halloway, pianist; Katherine Zedolek, assistant pianist. Much credit is due Miss Schattgen for her able directing.

The orchestra meets every Wednesday in the Auditorium. This group of students has appeared before the public several times during their short existence. By regular and patient practice they have found a deeper interest in music and have developed the sense of rhythm.

We hope the students will continue to appreciate this opportunity so that we may be able to keep a good orchestra which is needed in our high school. But we can say for just the first year a good orchestra will be had in the very near future.

*Back Row:* Miss Brede, sponsor, Christine Bartells, Lois Edwards, Lois Bartells, Lydia Petchulot, Fred Jobursh, Otis Freiberg.

## *Phi Epsilon*

The Latin Club was organized Oct. 15, 1929 with Miss Brede as Magister. The club was named the Phi Epsilon ( $\Phi E$ ). The purposes of the club are to give the students some idea of how the ancient Romans lived and to teach the students the importance of the study of Latin.

The officers of the club are: Consuls, Ida Cohen and William Look; Quaestors, Darwin Hertel and Christine Bartells; Curule Aediles, LeRoy Thompson and William Look; Plebian Aediles, Lois Edwards and Ellen Locus; Tribune, Katherine Webb, Arlene Luker, Virginia Korinek, and Willbert Christine; Scribes, Martha Philips, Margaret Hiken, and Lois Bartells; Pontife Maximus, LeRoy Thompson; Janitor, Leslie Juda.

The club's motto is "Possunt quia posse videntus." The colors are Roman Purple and Gold. The membership is limited to those who have and are taking Latin or Ancient History. The constitution is similar to the Roman Constitution.

The Saturnalia, a Roman festival, from which our Christmas celebration was taken, was observed at Christmas. At that time, a suitable program was given and gifts were exchanged. It is planned to give a Roman banquet in the Spring.

*Back Row:* Valera Therion, Louise Biston, Edna Best, Helen Wood, Lillian Brazis, Nelva Russel, Esther Hodde.

## Commercial Club

The Commercial Club is one of the newest clubs organized in C. T. H. S. Its purpose is to increase and broaden the interest in the commercial subjects of the school, and to promote good fellowship among those having the same interests. Any student enrolled in a commercial class is eligible to membership. Miss McCall and Miss Quernheim, commercial instructors, are the sponsors.

A constitution was drawn up and each member must live up to the standards set before him.

At each meeting an interesting play is given by a selected group of students. These playlets contain a moral which will aid young people in preparing themselves for business life.

Commercial Club has enjoyed a number of social activities this year. At Christmas a novel party was given and late in January the big party was held at the High School, which was an affair long to be remembered.

It is the desire of the former members of the club that students, who expect to become acquainted with the business world, will take advantage of the many opportunities offered by Commercial.

## Soangetaha

The Home Economics Club was organized in October. Soangetaha is an Indian name which means "happy homes". It was chosen because we are located in a vicinity of historic Indian mounds. It is in harmony with Indian names of other school organizations.

The aim of the club is to create a desire for more livable homes, to stimulate a wider interest in the field of home economics, and to aid in the building of character.

Anyone interested in home economics may become a member. The club meets every other Monday. The dues are five cents per meeting.

The program should be an interesting and varied one, as one cannot think of any subject which would not in some way influence the home. Competing groups appear on alternate programs. It is possible in this way to promote greater interest in program performance.

The club is sponsored by Miss Holben and Miss Steiner.

The officers are:

## Royal Razzers

Back in 1923 a group of senior boys decided that what C. T. H. S. needed was louder and better cheering and proceeded to remedy the defect by organizing the Royal Razzers. Miss Cullin was selected as sponsor, a charter was drawn up, rules and regulations laid down, and the business of razzing in a big way started with a bang.

Upon Miss Cullins departure in 1924, Mr. Sherretz succeeded her as sponsor, and fired with his enthusiasm the organization has progressed until it has the reputation of being the peppiest cheering organization in the conference.

The Razzers are socially prominent in the activities of the school and the banquet which they give for the lettermen each year is second in social prominence only to the Junior-Senior Reception.

The Razzers attend all home games en-masse and their familiar purple and white uniforms lend a splash of color to the crowd while their organized cheering serves to bolster the spirits of both players and spectators. The Razzers are the inspiration of the team and without doubt they are in no small sense responsible for the success of C. T. H. S. Athletic teams.

## Art Club

The Art Club is one of the newly organized clubs of the C. T. H. S., having been started only this year. The officers are:

|                           |                    |
|---------------------------|--------------------|
| President.....            | Mary Gaskill       |
| Vice-President.....       | Charlotte Kilby    |
| Secretary-Treasurer ..... | Elizabeth Thompson |
| Press Reporter.....       | Karl Monroe        |

The club was organized for the purpose of developing "the artistic" for those sufficiently interested, making it possible for them to carry out desired problems other than those offered in the regular art program of the school. No special prerequisites or training are required of those wishing to become members. The desire of the students is to create proposed problems.

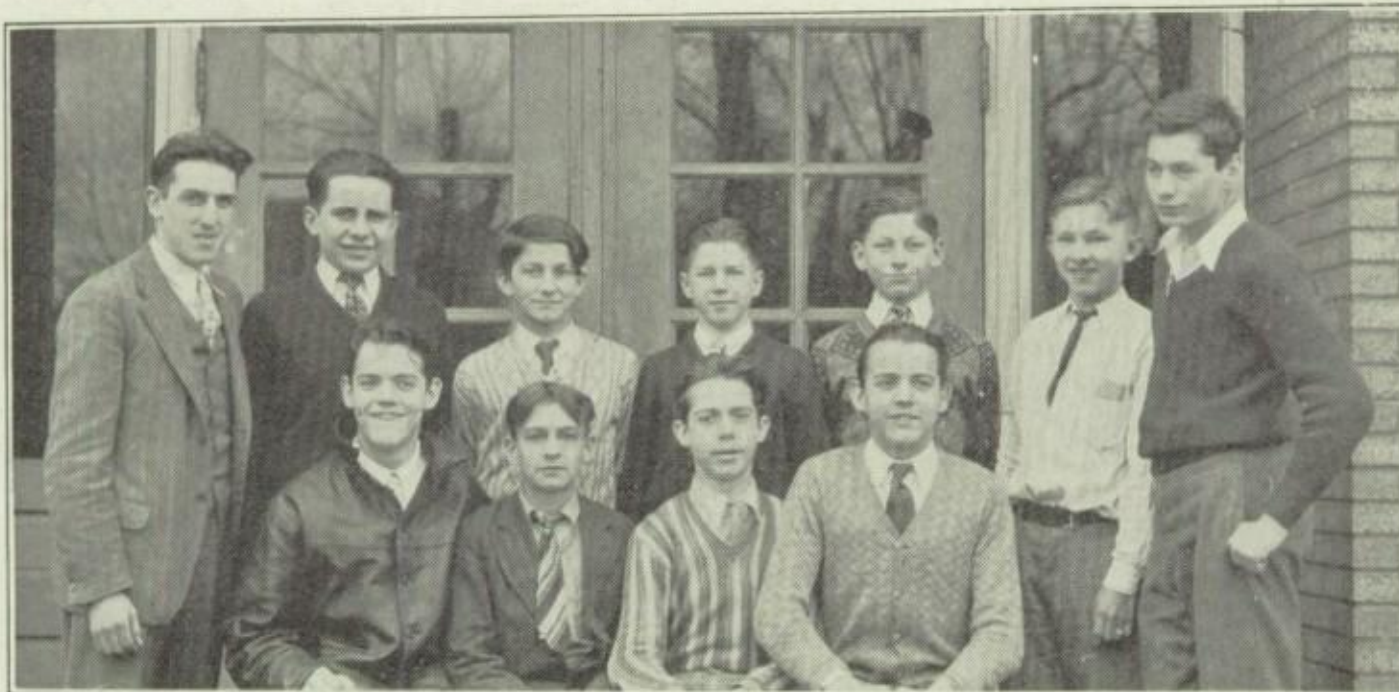

Believing beauty and appreciation are multiplied by doing, the club decided, to spend meeting hours making craft problems within reach of time and materials.

Meetings are held on alternate Friday afternoons after school, in the Art Room.

Several social functions and a civil improvement project have formed a regular feature of the yearly program.

The Art Club is sponsored by Miss Williams, teacher of Art and Design.

*Back Row:* Mr. Cornwell, Lionel Bendel, Lee Juenger, Alfred Nauling, Fred Jobusch, Otto Klein, Gerald Alexander.  
*Front Row:* Willis Christine, Burl Barbee, Wilbert Christine, Willard Christine.

## *Model Airopplane Club*

The Model Airopplane Club of C. T. H. S. is the most novel club in the school. In its one year of existence many wonders were accomplished due to the efforts of Mr. Cornwell, who has proven himself an able sponsor. Most of the boys were beginners in this work, but were soon taught the art of building the models.

The main purpose of this club is to try to advance the science of aerodynamics, by building and studying the models of the different types of airoplanes. Another purpose is to increase the number of air-minded people in the world, especially the younger generation, for they are the future aviators.

In order to find out the chief facts of aviation, a flying contest was held on Jan. 8, 1930 and eight members have qualified, having made the required ten second flight. Later, an R. O. G. endurance contest was held. Wilbert Christine received first honor, his model having endured a flight of fifty-two seconds and to date this record has never been broken.

The officers of the Airopplane Club are:

|                     |                   |
|---------------------|-------------------|
| President.....      | Willis Christine  |
| Vice-President..... | Willard Christine |
| Secretary.....      | Wilbert Christine |
| Treasurer.....      | Burl Barbee       |

*Back Row:* Carrie Tobnick, Wilberta Kaemper, Edna Best, Nona Hughes, Mary Meni, Adele Raudon, Katherine Combs, Cordulla Toussaint, Helen Wood.

*First Row:* Maxwell Fabry, Velma Wilson, Ruth Merrill, Bernice Bertram, Herbert Shelton, Frances Sargent, Melvin Merrill, Miss Hamer, Beatrice Alexander, Evelyn Sims.

## *Dramatic Club*

The Dramatic Club was reorganized this year with Miss Hamer and Miss Renfro as the new sponsors. Membership was limited to the Juniors and Seniors having an average grade of B.

The first semester was spent in getting organized, but later plans were made for a series of one-act plays to be given during the school year.

The Junior Class Play, "The Family Upstairs," showing some real talent proved to be a success. Miss Hamer showed her ability as a dramatic director, in selecting the play and also the characters.

The members of the club have sponsored an assembly program this year in which they presented a one-act play entitled "The Pot Boiler" by Alice Gerstenberg.

This club has held many of its meetings in the form of a social "tea". Several of the members gave interesting readings and songs were sung. In this way the members received individual training and attention. There were several other social gatherings and the year-party held early in the spring.

The club has done a most worthy thing this year. It has become a member of the National Thespian Association, which is one of the highest organizations of Dramatic Art.

## *The Kahokian*

The Kahokian has been the most popular feature of the Collinsville High School for four years. For the last two years the annual has received an All-American Honor Rating by the National Scholastic Press Association, an honor given to only a few high schools in the United States. It has been the earnest effort of the staff to make this edition of the year book live up to the standards set in previous years.

Martin Jokerst was elected Editor by the Senior class last May. The remainder of the staff was chosen by the editor and the sponsors. Mr. Sherretz was placed as Editorial Advisor. Miss Williams was given charge of the art staff and Miss Renfro was chosen as the Business Advisor.

The Kahokian is rapidly proving its worth and the Senior class, knowing the pleasures that can be found in recalling the activities of their High School days, have subscribed one hundred per cent.

As it is the desire of each class to have an annual, let us be proud to say that we have strived to make this year book a living memory which will bring high honor to C. T. H. S.

*Back Row:* Mr. Miller (sponsor), Ruth Carroll, Christine Bartells, Lois Edwards, Virginia Frushour, Mary Gaskill, Miss Harris (sponsor).

*Front Row:* Melvin Merrill, Maxwell Fabry, Wilberta Kaemper, Hazel Teters, Mary Meni, Adele Raudon, Marjorie Llewellyn, Herbert Shelton.

## *The Chanticleer*

There has been a change in the policy of editing the Chanticleer this year, the English department having assumed the responsibility of the publication of the paper instead of faculty sponsors or the student body in general.

We owe a great deal of the success to the Chanticleer's three faithful and helpful sponsors, Miss Harris, Mr. Miller and Mr. Chandler, who have given their valuable services in behalf of the staff.

Our editor this year was fully competent and proved herself well able to direct the work of the staff. She was none other than Hazel Teter of the class of '30.

The business end of the staff has been successfully handled by Margaret Hallsworth; the social write-ups were done by Wilberta Kaemper; the alumni news by Melvin Merrill; the exchanges by Emil Rissi; the athletic features by Herbert Shelton, and the humor by Lester Bennett, alias "Smiling Gus." The humor editor has been ably assisted by Vincent Herr. Each has given his best for the paper.

The Circulation Manager, Christine Bartells, and her assistants, Mary Gaskill, Lois Edwards, Marjorie Llewellyn, and Virginia Frushour, managed ably and successfully the routine work on the paper. The commendable typists were Mary Meni, Adele Raudon, and Maxwell Fabry.

Maurice Newburger once possessed a figure that would make a butcher blush with envy (lower right). But he went on the eighteen-day Hollywood diet. The fast life cast a shadow on his erstwhile rotund existence (upper right). Details below:

A few weeks ago I walked into an emporium in St. Louis and shouted, "Rust bif, strumberry pie, cups coff, cheekin sup."

The waiter looked at me and said, "No got, now we gotta the 18 day Hollywood diet. Everybody likes."

Being a curious sort of soul your humble servant asked for the low down. "I'm acquainted with 'Three Weeks,' 'Ten Nights in the Barroom,' 'The Thirty Years War,' and 'Three Years Before the Mast,' but this 18 day stuff is a new one to me."

So Pete gave me the low down. For 18 days you are supposed to eat according to schedule. If you go one olive over the limit you are declassé. For Pete's sake and for the glory of those leading a fast life I took the pledge.

I lived the fast life and look at me now. Leon Rissi came into my abode yesterday. "Going fishing," said he as he looked at the fishing poles. "No," I scowled, "those are my new dressing screens."

For breakfast the first day they gave me an olive, seven-eighths of a toothpick, one nutmeg and a napkin. The next day they added a half of a grapefruit and I have been squirting people in the eye ever since.

On the morning of the third day they changed to Madame Melba toast and I can now sing Carmen better than Lillian Brazis.

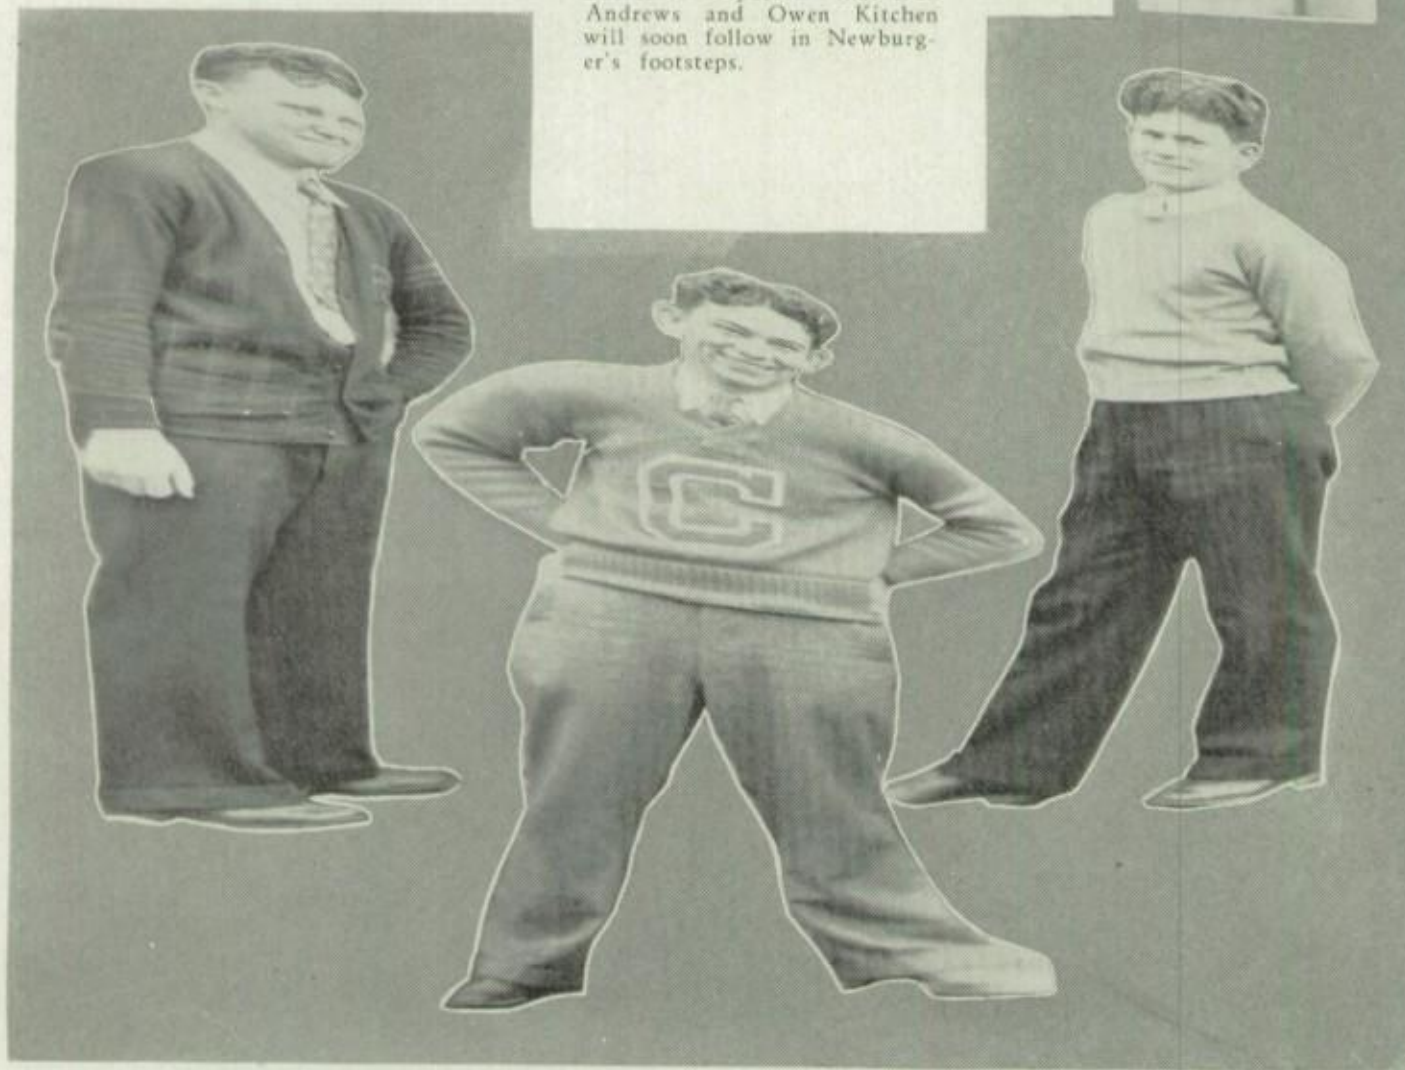

The third course on the third day is spinach so I got on the green in three. I used my iron on the fourth when they added some celery. If they had added this diet a few years ago they would never have said that Mary had a little lamb. A lot of young sheep are going to get a bad break on account of this Hollywood stuff.

A fellow told me the other day that Bob Gauen had a lean and hungry look. Why, Bob is a balloon tire compared to me. Once I had a Falstaffian figure. Today look at me.

There used to be a time when they pointed me out as the Royal Gorge and started talking about Willie Rachun. Today when I cast a shadow it looks like a silken thread.

The other day I went out to play golf. After I had played a shot the caddy, John Atkins, put me back in the bag instead of my brassie. The last few days on the schedule you are supposed to eat one egg. The Hollywood people that got this trick diet up are wise in one respect. Anyone that follows it for 70 per cent of the 18 days is One Egg.

But it is reported that Don Andrews and Owen Kitchen will soon follow in Newburger's footsteps.
